All Unit Standards in this course are internally assessed. Only a selection of these Unit Standards will be offered to each student. Only the career planning Unit Standards are compulsory. Once these are completed, students self-select all other units of work and complete them at their own pace. These units are an example of some of the standards students may achieve. Students doing Gateway can choose to complete industry based unit standards from an area of their choice. This could include building, automotive, early childhood etc.
