

Whakaaro Hou Education Trust - a Kāpiti schools initiative

Our purpose:

- to ensure that every child is able to access suitable technology regardless of income
- to ensure that children on the Kāpiti Coast learn safely in a digital environment

Current situation

- Digital learning is rapidly becoming a requirement
- 70% of Year 9 and 10s at the two Colleges are using devices in the classroom
- Some devices are less suitable for classroom learning
- Many devices are poorly protected and not insured
- Some parents would like to buy a device, but have difficulty doing so

Whakaaro Hou Education Trust offers:

- A full package of device, protective bag, warranty, and insurance at best value for parents
- Options of buy outright, or 2 or 3 year terms
- A single point of collection and return at Noel Leemings in Coastlands, with loaner devices available if a device breaks or is damaged

How it all works....

1. Fill out the expression of interest sheet and take the information pack to read
2. We will contact to arrange for deposit and AP to be in place
3. You will be given the note to take in to NL's to pick up your device. Delivery time is 2 weeks.

Who owns the device?

If you want to buy it outright through the Trust, you own the device and the Trust is insuring it for you.

If you are buying it on a 2 or 3 year payment system, the Trust retains ownership until the device is paid off.

What am I insured for?

Warranty covers faults for 3 years

Insurance covers all accidental breakage, for 3 years, with an excess of \$50

What happens if we shift?

You can choose to take the device and continue with the AP.

You can pay the remaining cost less credit rebate to take immediate full ownership

You can hand the device back to the Trust and cease payment

Where to from here?

If interested:

- Fill out the Expression of Interest Form now (this is not a final commitment)
- Read the material
- We will contact within the next two weeks to arrange details
