**SI1301 Assessment Statement 2021**

Not Eligible for Course Endorsement

Year : 13

Course : Science - Integrated

Mrs P Shields

Total Credits : 16

A science course for students who wish to continue their learning in the areas of Chemistry, Physics and Biology, but who prefer to gain credits through internally assessed NCEA standards rather than by sitting exams at the end of the year. This course, and Level 3 Integrated Science, lead to a range of science-based tertiary courses, mainly through polytechnics, the defence forces and a few university courses. Most university courses will require students to have studied a combination of Biology, Chemistry and/or Physics courses at school. Prize-giving decisions will be based on the grades recorded on Kamar at the end of Week 10 Term 3.
